

Auto-Trail Expedition 67 Flex

2026 · 4-berth campervan · automatic · sleeps 4, seats 4

PRICE (inc VAT)

£53,995

About this vehicle

From Atlas Motorhomes, Glasgow's Auto-Trail specialists. We hire and sell Auto-Trail, and nothing else, so we know these vehicles inside out.

This is our 2026 Auto-Trail Expedition 67 Flex: a compact 4-berth automatic campervan that sleeps four and seats four on belted travel seats. At 5.99m it parks like a car and slips under the 6m ferry rate, yet the Flex layout gives you two doubles, a proper kitchen with a separate oven and grill, and a washroom with a shower. The Fiat 8-speed automatic makes it an easy, car-like drive anywhere.

It comes from our own hire fleet, which is the best reason to buy it: professionally fleet-managed and multi-point checked between hires, week in, week out, with full service history. That care is the answer to any question about mileage.

It is well specified, too: a Pioneer touchscreen with Apple CarPlay and Android Auto, a reversing camera, cab air-conditioning and a full safety pack, plus a 200W solar panel and twin AGM batteries for off-grid nights. Built for Scottish weather with Grade 3 insulation, galvanised body panels and heat-reflective insulated walls.

The warranty transfers to you: the balance of Auto-Trail's 5-year conversion and body-integrity warranties, plus the Fiat chassis warranty with RAC assistance (T&Cs apply). Finance is available, ask us for details. As a VAT-qualifying sale it can also suit business buyers.

We have more than one available, so mileage varies (roughly 10,000 to 12,000). A £1,000 deposit secures yours, with delivery to be agreed for autumn 2026. Family-run since 2010, real people seven days a week.
